

The FY17 Maryland Freedom Fleet Voucher (FFV) Program provides financial assistance for the purchase of new and converted alternative fueled vehicles registered in the state of Maryland. Vouchers will be used to reduce the purchase price up to a maximum of \$40,000 per vehicle based on GVW.

Now accepting applications on a first come first served basis.

Application deadline: 5/5/17

Program webpage: http://energy.maryland.gov/transportation/Pages/incentives_ffvp.aspx

Eligible Vehicles

- On-highway dedicated compressed natural gas (CNG), dedicated liquefied natural gas (LNG), propane powered, hydrogen, hybrid electric, hydraulic hybrid and medium/heavy duty plug-in electric vehicles which will be registered in Maryland.
 - Vehicles that have been previously registered (in any state) or paid for by the Motor Carrier (other than a vehicle or retrofit down payment in order to receive a voucher) are ineligible.
 - Vehicles must be a commercial, non-profit agency or public fleet vehicle.
- Public funded transit agencies are not eligible.

Voucher Provisions

- Vouchers will be offered for up to \$40,000 per vehicle
- Limit Motor Carrier total voucher request= \$300,000 (15% of program budget)
- Motor Carriers are required to operate vehicles for 3 years
