

FY26 Electric School Bus Grant Program Award List

The statewide competitive Program offers grants to purchase and lease electric school buses to serve Maryland public school students. Eligible vehicles will be utilized in student transportation services, with a strong focus on expanding access to funding for overburdened and low-to-moderate income communities facing economic challenges.

Awardee	Funding	Award Amount	Project Scope
MECCA Allied Transit LLC	Re & Transpo	\$942,855.00	To deploy three (3) electric school buses, install two (2) EV chargers, and implement project start-up activities.
