AN EXELON COMPANY

March 24, 2025

Ms. Joyce Lombardi  
Energy Policy Manager  
Maryland Energy Administration  
1800 Washington Boulevard, Suite 755  
Baltimore, MD 21230

Dear Ms. Lombardi:

Baltimore Gas and Electric Company ("BGE" or the "Company") appreciates the Maryland Energy Administration's ("MEA") desire to support Residential and Commercial outreach to WARMTH Act pilot communities.

On July 1, 2025, BGE intends to propose to the Maryland Public Service Commission two network geothermal pilot locations. The Company is considering Coppin State University and St. Stephens Court Apartments in Baltimore City and The Verona at Oakland Mills apartments, the Columbia Ice Rink and The Barns community centers in Howard County. BGE will work closely with the grant awardees to facilitate community outreach for the pilot communities if the Commission approves BGE's pilot.

Sincerely,

Kristy Fleischmann Groncki,  
Sr Manager, Smart Grid & Innovation
