

Maryland Energy Administration Parking Instructions

Building Location

Montgomery Park Office Building
1800 Washington Boulevard
Baltimore, MD 21230

Instructions on Parking and Building Entry

Please park in the **BLUE LOT**. There are 2 entry lanes into the blue lot. Use the **left entry lane** as there will be a call box. Press the button on the call box and inform the gate agent that you're here for the Maryland Energy Administration Public Hearing. They will raise the gate for you.

Park anywhere in the blue lot that is not a marked restricted space.

Enter the building through the Tunnel Entrance, which is at the back of the blue lot and marked by a sign above the door. If the door is locked, press the button on the nearby intercom box and inform the security guard that you're here for the MEA Public Hearing, like you did for the gate.

Once inside, go through the tunnel and all the way into the main building through the large doors at the end. You will be facing the food court. Take an immediate right upon coming through the large doors and walk all the way down to the lobby.
