

Residential Grant Application
Maryland Clean Energy Grant Program
Clean-Burning Wood Stove Program

The *Residential Grant Application* and supporting documentation must be submitted after the system has been installed.

Checklist for Applications:

- Grant awardee information has been filled out completely, signed and dated.
Original Grant Awardee signatures must be submitted to MEA - Photocopies will not be accepted.
- Please include a valid email for communication purposes.** MEA will not distribute your email to any outside party or use it for any purpose other than grant status communication.
- Installing Contractor and system information, including hours worked, has been filled out completely.
Installing Contractor may submit a scanned copy of an original signature.
- Manufacturer, model, and emissions information for installed clean burning wood units (please see below websites for a list of qualified systems).
 - For Wood Burning Stoves: <http://www.epa.gov/oecaerth/resources/publications/monitoring/caa/woodstoves/certifiedwood.pdf>
 - For Pellet Burning Stoves: www.ecy.wa.gov/programs/air/indoor_woodsmoke/pelletstoves.xls
- The Wood Burning Stove Program Terms and Conditions can be found on our website at: <http://www.energy.state.md.us/Residential/woodstoves/>

Supporting Documents:

Historic Review Exemption:

MEA is required by State and Federal law to assess the impact of Residential Clean Energy Grants on historic resources. Based on the nature of clean wood burning stove installations, the Maryland Historic Trust has granted a blanket exemption for all clean burning wood stove projects.

Required Documents:

- Photo of stove (if chimney was added, photo of addition)
- A \$0.00-balance invoice
- A passed Final Inspection (see page 4 for required inspections by county) report, sticker or picture.

Stove qualification and permitting

- Ensure stove meets particulate matter requirements (Pellet: 2.0 g/hr Wood: 3.0 g/hr)**
- Check with permitting office to ensure county required permits have been obtained

Mail the Application Form and Supporting Documentation to:

Residential Grant Application
Maryland Clean Energy Grant Program
Permit Requirements by County
Current as of July 2012

The following table shows what permits are generally required from each county for qualified clean energy systems. If you have documentation from a permitting authority that shows that the following does not apply to your installation, please include it in your Application Package. If no documentation noting an exception is received, then the following table will be used when reviewing Completion Packages for compliance.

For Electrical permits, a Diamond symbol (⬠) indicates permits are only needed if new wiring is required. For Washington County, if the installation is for a stove with a direct vent outside, a mechanical permit is required (⬠)
