

Maryland Solar Access Program Consumer Disclosure Form
Power Purchase Agreement
Fiscal Year 2026 Form - Issued 3.2.26

This disclosure form is designed to help the consumer understand the terms and costs of the proposed solar installation. It is **not** a substitute for the contract and other documents associated with the transaction. It is **not** a substitute for the Funding Opportunity Announcement for the program. The Consumer Protection Policy provides that a contract must allow a consumer to cancel the contract within 30 days of signing without incurring any cost to the consumer. The solar developer or vendor must complete this form and give it to the consumer before any agreement is finalized and signed.

Read all documents carefully so you fully understand the transaction.

PPA Information and Costs*			
Utility Service Area			
Length of PPA (Months or Years)		Annual Escalation rate (if applicable)	
First Payment		Final Payment	
First-Year Projected Total PV Generation [kWh/yr]			
The MEA grant is authorized to the contractor, in addition to other federal and state incentives, allowing the contractor to provide a discounted PPA rate to the resident.		<input type="checkbox"/> Yes <input type="checkbox"/> No	
PPA rate (as appears on the contract) [\$/kWh]			
Total System Cost (total cost to the customer throughout the PPA term) [\$]			
Non-solar costs (enter \$0 if all costs are solar-related. Enter the total non-solar dollar amount and list the specific measures defined as "non-solar costs", e.g. enter "\$2,885 for EV charger") [\$]			
PPA rate subject to MEA's minimum benefits policy (for comparison with Maximum Offer) [\$/kWh]*			
Maximum Offer: First-Year PPA Rate subject to MEA's policy [\$/kWh]*			

*These values can be found using the FY26 Maximum Offer Calculator

PPA Notice: You are entering into an agreement to purchase power, not to purchase the system. You will not own the system installed on your property.

Is the power purchase agreement in compliance with Appendix 1 of the FY26 Consumer Protection Policy: Minimum Benefits to the Consumer?	<input type="checkbox"/> Yes <input type="checkbox"/> No
---	--

System Installation	
Estimated days between contract signature and project completion	
Who is responsible for submitting the project interconnection agreement?	

System Information	
System Capacity (kWdc)	
System location	<input type="checkbox"/> Ground-Mounted <input type="checkbox"/> Roof-Mounted
Estimated annual electricity production decrease due to degradation / natural aging of the system	
Estimated system lifetime	
Will the local utility credit the system for the excess energy the system generates?	<input type="checkbox"/> Yes <input type="checkbox"/> No

NOTE: It is important to understand that utility rates may go up or down, and actual savings may vary. Historical data are not necessarily representative of future results. You may contact your local utility or the Public Service Commission for further information regarding rates.

Maintenance, Warranties, and Guarantees	
Is there a guarantee that the power purchase agreement does not require payments to be made for electricity that is not produced?	<input type="checkbox"/> Yes <input type="checkbox"/> No
Where in the contract is information about this guarantee?	
Where in the contract is information about the warranty?	

Is the minimum warranty period for workmanship 10 years or longer?	<input type="checkbox"/> Yes <input type="checkbox"/> No
Is the minimum manufacturer material warranty period for Solar PV module 25 years or longer?	<input type="checkbox"/> Yes <input type="checkbox"/> No
Is the minimum manufacturer material warranty period for inverters 10 years or longer?	<input type="checkbox"/> Yes <input type="checkbox"/> No
Did the installer disclose the warranty?	<input type="checkbox"/> Yes <input type="checkbox"/> No
Did the installation contractor disclose roof inspections, repairs, and warranties?	<input type="checkbox"/> Yes <input type="checkbox"/> No
Did the installation contractor discuss the condition of the roof and the potential for removing and reinstalling the array if repair or replacement of the roof is needed?	<input type="checkbox"/> Yes <input type="checkbox"/> No
Will the Solar Renewable Energy Credits be assigned to a third party?	<input type="checkbox"/> Yes <input type="checkbox"/> No
