Maryland Solar Access Program Consumer Disclosure Form Solar System Purchase (Outright or with Loan Financing)

This disclosure form is designed to help the consumer understand the terms and costs of the proposed solar installation. It is **not** a substitute for the contract and other documents associated with the transaction. It is **not** a substitute for the Funding Opportunity Announcement for the program. The Consumer Protection Policy provides that a contract must allow a consumer to cancel the contract within 30 days of signing without incurring any cost to the consumer. The solar developer or vendor must complete this form and give it to the consumer before any agreement is finalized and signed.

Read all documents carefully so you fully understand the transaction.

Customer Information	
Name	
Installation Address	
Mailing Address (If different from above)	
Phone	
Email	

Participating Contractor	
Legal Name	
Trade name or DBA name	
Address	
Phone

Purchase Information and Costs			
Service Utility Area			
Loan Term (25-Year Maximum) [yrs] <i>(For Financed Systems Only)</i>		Loan Interest Rate (as appears on the contract) [%] <i>(For Financed Systems Only)</i>	
First-Year Projected Total PV Generation [kWh/yr]			
Total System Cost (as appears on the contract or disclosure) [\$]			
Non-solar costs (enter \$0 if all costs are solar-related) [\$]			
MEA grant amount to the resident (enter \$0 if the grant is authorized to the contractor instead) [\$]			
Federal Tax Credit amount to the resident (enter \$0 if the customer has not indicated a willingness to file for the federal ITC. Also enter \$0 if the customer has indicated that they do not expect to have the tax liability to benefit from ITC) [\$]			
Maximum Offer: System Purchase Cost subject to MEA's policy [\$]			

Note: Additional costs may be added to the overall solar purchase if financed through loans or other means. Your installer may not be aware of the terms of your financing agreement, which may include fees not listed. Carefully read and review any agreements and disclosures provided by the lender.

Is the power purchase agreement in compliance with Appendix 1 of the FY26 Consumer Protection Policy: Minimum Benefits to the Consumer?	<input type="checkbox"/> Yes <input type="checkbox"/> No
-----------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------

System Installation	
Estimated start date of system installation	
Estimated completion date of system installation	
Estimated days between contract signature and project completion	
Who is responsible for submitting the project interconnection agreement?	

System Information	
System size (kWdc)	
System location	<input type="checkbox"/> Ground-Mounted <input type="checkbox"/> Roof-Mounted
Estimated annual electricity production decrease due to natural aging of the system	
Estimated system lifetime	
Will the local utility credit the system for the excess energy the system generates?	<input type="checkbox"/> Yes <input type="checkbox"/> No

NOTE: It is important to understand that utility rates may go up or down, and actual savings may vary. Historical data are not necessarily representative of future results. You may contact your local utility or the Public Service Commission for further information regarding rates.

Maintenance, Warranties, and Guarantees	
What production is guaranteed to the consumer?	
Where in the contract is information about the production guarantee?	
Where in the contract is information about the warranty?	
What is the length of the workmanship warranty? (Note: a minimum warranty period for workmanship must be 10 years)	

What is the length of the manufacturer's material warranty for Solar PV modules? (Note: a minimum manufacturer material warranty period for Solar PV modules must be 25 years)	
What is the length of the manufacturer's warranty for inverters? (Note: a minimum manufacturer material warranty period for inverters must be 10 years.)	
Are all warranties transferable?	<input type="checkbox"/> Yes <input type="checkbox"/> No
Did the installation contractor disclose roof inspections, repairs, and warranties?	<input type="checkbox"/> Yes <input type="checkbox"/> No
Did the installation contractor discuss the condition of the roof and the potential for removing and reinstalling the array if repair or replacement of the roof is needed?	<input type="checkbox"/> Yes <input type="checkbox"/> No
Will the Solar Renewable Energy Credits be assigned to a third party?	<input type="checkbox"/> Yes <input type="checkbox"/> No
